

A Sterling Healthcare Management Property

Glad tidings we bring to you!

Merry Christmas

Happy New Year

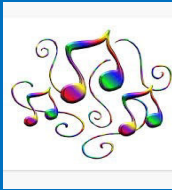

Happy Holidays

Happy Hanukkah

Blessed New Year

Feliz Navidad

Kwanzaa Celebration

This communication is to provide families, friends & loved ones of Milton Home residents, a quick glimpse into the community. We encourage you to visit loved ones, stay for lunch or dinner and interact with them to help maintain those all important personal connections, memories and cognitive skills. Be sure review our Activities calendar and Daily Menu too.

The Milton Home Artists In-Residence

We are privileged to have two Assisted Living residents who are prolific artists. Emily has a studio in her apartment where she creates magnificent landscapes. Martha has a mini, portable, studio in her apartment to produce beautiful, compelling abstracts. Several of their pieces are showcased in the dining room now with many more throughout the community once our interior renovations are completed.

Q and A....

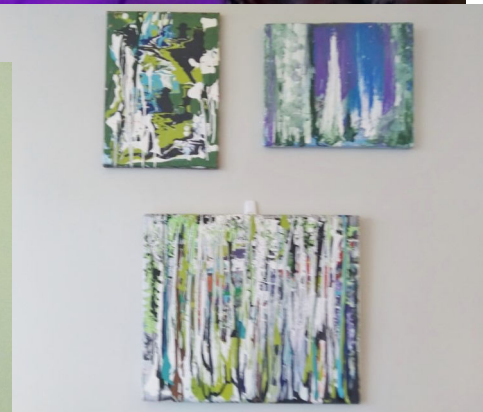

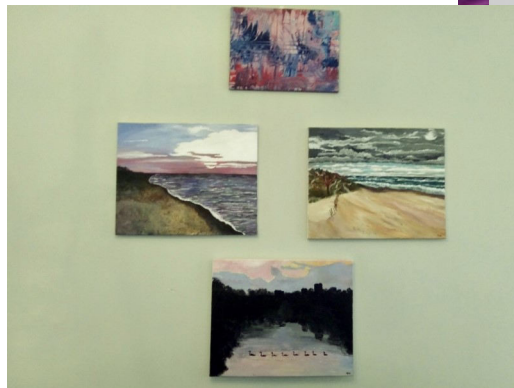

Q: What renovations are happening?

A: Here is a short rundown. The Milton Home is going to the "beauty shop" for the next year...maybe more. Here's the renovation short punch list :

- A new call light system
- Exterior & interior cameras
- Complete HVAC upgrade
- New roof
- Current sun porch replaced
- A new deck surrounding the new sun porch
- Apartments upgraded
- New carpet
- New front patio
- All walls painted

Remember these renovations will not happen all at once, but over 2020. All of you will be invited to a "hard hat tour" to get a sneak peek at the results of our time at the "beauty shop" to experience the NEW Milton Home.

The Best Kept Secret on the River!

Thank you for sharing your loved one with us! We hope to see you all soon.

Best Regards,

The Milton Home Staff and Kevin Baker, Executive Director
