This monthly communication is to introduce, or re-introduce, The Milton Home, a life plan community, to our valuable clinical and referral partners. Together, we collaborate and coordinate patient post -acute care services including skilled nursing, rehab, long term care, respite and assisted living. Our CMS quarterly measures are consistently 5-star quality and 4-star staffing.

Several have asked us to repeat the Q&A column from the November issue. Here ya go!

Q: Are you under new ownership?

A: Yes, Sterling Healthcare Management, based in South Bend, retains ownership of The Milton Home as well as Morningview and Briarcliff.

Q: Are improvements being made to The Milton Home?

A: Absolutely, inside and out! As the improvements happen, we will share the news in this publication along with photos.

[NOTE: the December issue contains a renovations punch list]

Q: Does The Milton Home only provide short-term care?

A: No. The Milton Home provides:

- Short-term nursing and rehab funded by Medicare, Medicaid or Private Pay. However, we have only 2 short-term nursing and rehab rooms.
- Long term care funded by Private Pay or Medicaid
- Assisted living with care funded by Private Pay or Waiver

 Happy New Year

Nursing Staff Introductions....

- Our interim Director of Nursing is Emily Brown, RN, MSN, FNP. Emily's goal is to define and implement best practice processes of resident care with staff. She is also engaging with The Milton Home staff in promoting and teaching the principles of resident sanctuary lifestyle.
- Our Assistant Director of Nursing is Helen Howell Sims, LPN. Helen is working full time side-by-side with Emily, and attending nursing school. Helen has extensive experience in all aspects of post-acute care and considered a wound care and IV therapy specialist.
- Our well respected CNA, Erin Brown, specializes in caring for our long term residents. Erin prides herself on knowing each residents personality and preferences. In fact, she coxes a resident out of bed each morning by promising to help her get ready for the day and make her smile. The resident replies, "a gin and tonic will make me smile." Erin responds, "no, you

are way too young!" Erin's positive attitude is infectious throughout The Milton Home.
